

We're open to new residents

We're excited to welcome new residents into our homes and can't wait to meet you

Residential, nursing and
dementia care homes

Gracewell
HEALTHCARE

Over 95% of our Gracewell care homes have been rated Good or Outstanding by the CQC

We want to reassure you that our dedicated teams are working tirelessly to keep our residents safe and to look after not only their physical but their mental wellbeing. The health and safety of our residents continues to be of the utmost importance to us at Gracewell. Here is what you can expect when you join us:

Comprehensive Infection Control procedures for all our visitors and team members

PPE available for all team members and visitors upon arrival

Full schedule of daily activities for all residents including socially distanced dining and entertainers in our gardens

Supportive and creative means of family visits safely and maintaining contact with the outside world

A safe move-in process using a two test approach to minimise risk of infection

Regular testing of residents and team members with reliable tracking of results

Monitoring of local infection rates to enable us to understand changes and plan accordingly

“The care and support that Mum receives are second to none. She is always treated with dignity and compassion. I can’t fault the dedication of the staff.”

Daughter of resident at Gracewell care home
